

## Ark Housing Association Ltd

**2 December 2013**

This Regulation Plan sets out the engagement we will have with Ark Housing Association Ltd (Ark) during the financial year 2013/14. Our regulatory framework explains more about our assessments and the purpose of this Regulation Plan.

### Regulatory profile

Ark was registered in 1977 and provides housing and support to adults with learning disabilities. It is a registered charity based in Edinburgh and operates across 13 local authority areas. It owns and manages around 276 self-contained units and 55 non self-contained units (211 beds) and employs around 683 people (583 FTE), mainly support staff. Its turnover for the year ended 31 March 2013 was just over £17.8 million.

We have recently discussed with Ark the risks and challenges it faces around its pension liabilities. We need to engage with Ark to get assurance about its approach to managing this issue.

### Our engagement with Ark – Medium

In light of Ark's current challenges meeting its pension liabilities we will have medium engagement with it in 2013/14.

1. We will engage as necessary with Ark as it develops a plan to manage its pensions liabilities.
2. Ark should alert us to notifiable events and seek our consent as appropriate. It should provide us with the annual regulatory returns we review for all RSLs:
  - audited annual accounts and external auditor's management letter;
  - loan portfolio return;
  - five year financial projections; and
  - Annual Return on the Charter.

This plan will be kept under review and may be changed to reflect particular or new events. The engagement strategy set out in this plan does not restrict us from using any other form of regulatory engagement to seek additional assurance should the need arise. Our regulatory framework and other relevant statistical and performance information can be found on our website at [www.scottishhousingregulator.gov.uk](http://www.scottishhousingregulator.gov.uk).
