Registration of the Association

Castle Rock Edinvar Housing Association is a Registered Social Landlord (HEP106) and is registered under the Cooperative and Community Benefit Societies Act 2014 (Registered Number 1767R(S)). It also has charitable status (Scottish Charity No. SC006035).

Castle Rock Edinvar is a member of the Places for People Group. The Places for People Group is registered under the Housing and Regeneration Act 2008 (number L4236) and under the Companies Act (number 3777037).

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)

Strategic Report

For the year ending 31 March 2022

The Board is pleased to present its report and Financial Statements for the year ended 31 March 2022.

Castle Rock Edinvar is a Scottish Registered Social Landlord (RSL) and Scottish Charity with its registered office in Edinburgh. It is a leading Scottish RSL both in scale and significance and considered by the Scottish Housing Regulator as being of systemic importance. Castle Rock Edinvar is one of six Registered Social Landlords in the Places for People Group.

Places for People Group

Places for People Group ("the Group") is a placemaker like no other. We believe that places work when they work for everyone. Our Group of companies has the expertise and capability to create and manage entire places - from development and construction to multi-tenure management, right across the UK.

At the core of our broad placemaking offer is a long-term commitment to the sustainability of places. We provide homes and services at every stage of people's lives, from student accommodation and homes for first time buyers right through to retirement villages. We aim to provide options for as many people as possible including different age groups, financial circumstances and life stages.

Vision, mission and values

Places for People Group's vision is "*Creating places that work for everyone*". We review this vision each year. It reflects our core belief that places work when they work for everyone. We want all the places we create and manage to be places that work, now and in the future.

The Group wide mission statement is "*More homes. Sustainable places. Valued services.*" This vision and mission encapsulates the Group's long-term commitments to its creating and managing places that work for everyone. The mission statement for the Affordable Housing businesses is "*To create and maintain sustainable neighbourhoods delivering services efficiently and effectively to maximise the surplus per property*".

Principal activities of Castle Rock Edinvar

The aim of Castle Rock Edinvar and its subsidiary, Places for People Scotland, is to be a successful Scottish place management business harnessing the combined strengths of the Group and the local Scottish companies.

Castle Rock Edinvar owned or managed 7,712 properties at 31 March 2022 (2021: 7,383). The turnover of Castle Rock Edinvar was £47.4 million (2021: £43.7 million) during the year. Castle Rock Edinvar is also a significant employer with 176 FTE staff (2021: 196).

Castle Rock Edinvar's vision aligns with the Group and is to "create places that work for everyone". The mission is: "to be Scotland's leading Placemaking partner." Castle Rock Edinvar's priority is to grow and expand the offer in Scotland to reflect the capability and capacity of the Places for People Group. This will include building more homes, extending in to new geographies, seeking further opportunities for Placemaking and using our reputation and influence to create opportunities for the Group.

Our mission is underpinned by five strategic pillars that drive our actions and results:

- **Placemaking** – creating places that work for everyone

- **Innovating** – creatively finding the right solutions

- **Partnering** – working together for shared success

- **Investing** – sustaining places and people

- **Wellbeing** – enabling people to live their lives equitably

Principal markets and associated risks

Castle Rock Edinvar is one of the largest housing associations in Scotland and currently operates across nine local authority areas. It owns or manages 7,712 homes and last year built 339 new homes for Social Rent, Mid Market Rent, Shared Equity and Outright Sale. It has a future pipeline of 1,349 homes over the next 3 years.

Castle Rock Edinvar allocates homes to people based on need with rents set to be 'affordable' to those on low incomes and new homes continue to be subsidised by capital grant. Customers are getting older and the majority are not in employment and so dependent on state benefits. Castle Rock Edinvar has a strong balance sheet and operating profits. The strength and reputation of Castle Rock Edinvar is used to lever additional opportunities for the Group in Scotland. The non charitable and commercial operations within Scotland, including developing for outright sale and shared equity and market and mid-market rent are carried out within the trading subsidiary, Places for People Scotland.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Principal markets and associated risks (continued)

The Board has identified the following current and future potential strategic risks:

<i>Identified Risk</i>	<i>Controls and mitigation</i>
Data Management and Governance	We work with the wider group to ensure we appropriately manage our data and have governance in place to reduce associated risks. We have access to in-house expertise who work with business data owners to review and manage all aspects of data governance.
Organisational Resilience	As New Ways of Working progresses (which encompasses the Target Operating Model) the board will be kept apprised of changes that are being made to ensure appropriate oversight and that regulatory and governance requirements are fully met.
Uncertainty about the future grant funding regime	Alternative models of funding to be explored, including a Social Rent version of the MMR Fund.
Impact of Increasing Arrears	Rent affordability assessment carried out annually. Financial Inclusion and Income Collection Teams in place and trained on how to deal with Universal Credit as well as financial risk assessments carried out with all new tenants. Arrears KPIs continually monitored. CRE is also a trusted partner of the DWP.
Development	Sales appraisals undertaken for Board approvals. Weekly updates on sales performance. Market monitoring within Places Developments. Initial appraisals and approvals include all scenarios.
Regulatory	Regular engagement with the Scottish Housing Regulator and the Systemic Regulatory Forum to manage expectations and maintain strong working relationship.
Significant Performance Failure	Performance monitoring reported quarterly to the Board. Complaints policy in place with ongoing complaints monitored in real time. Regular training provided to staff.
New Business and Joint Venture Activity	Robust Business Planning processes in place accompanied by Project Boards, Project Management & Budgeting to manage the performance and success of new ventures. A business case and approval procedure is also in place.
Business Continuity	Business Continuity Plan and Emergency Procedures reviewed six monthly and annual assurance signed by the Managing Director. The Risk and Resilience Group meet quarterly with full SMT membership, chaired by Managing Director. H&S Business Assurance audit carried out as part of regulation plan as well as the Group H&S Team conducting audits of business systems and processes to offer assistance.

Risk management is at the heart of the approach to planning and running the business. The Board and Senior Management have developed, and regularly review, a Risk Map in accordance with Group procedures. It identifies, quantifies and prioritises risks to ensure that each risk is appropriately owned and managed and ensures that effective controls and mitigation strategies are in place to reduce risks to a level that accords with the Board's appetite for risk.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Delivering successful outcomes in 2021/22

As one of Scotland's leading housing associations we recognise the importance of growth, investment and efficiency to improve both the organisation, outcomes for customers and support the wider housing and place-making sector. In 2021/22, in collaboration with others, Castle Rock Edinvar's achievements included:

- We have invested £4.6m in our existing properties to ensure that they are suitable homes for our tenants. Energy efficiency initiatives are paramount in directing the areas of expenditure. During the year we have let 808 homes. Our housing teams have engaged with 234 tenants assessed as high risk, including homeless referrals, in order to help them sustain their tenancies. Our award winning Financial Inclusion Team (FIT) received 1,041 referrals, helping customers sustain their tenancies, accessing additional benefits and grants totalling £1.7m. We continue to support customers through the Tenancy Sustainment Fund and have spent almost £19,000 to assist with costs associated with the start of tenancies or those whose tenancies are at risk. We have provided 234 tenants with approved adaptations to their properties to allow them to remain in their homes and improve their use of their homes.
- Development outcomes - We developed and took handover of 221 new affordable properties across 9 sites in Scotland, and, in addition, 118 midmarket properties over 5 sites. We also have an additional 163 Social Rent and 208 mid-market properties scheduled for handover in 2022/23 across 17 separate developments.
- Throughout the year the business has continued to meet its KPI's with strong performance throughout the year. Overall customer satisfaction remained high at 96% (2021: 97%). Void loss did increase to 2.11% (2021: 1.96%) which is due to the continued impact of the Covid pandemic on property lettings but we have seen an improvement in current tenant arrears which have reduced to 5.3% (2021: 5.4%). The repairs service also maintained strong performance with 100% of appointments made and kept (2021: 100%). Furthermore non emergency repairs complete right first time remained high at 96% (2021: 96%).

Castle Rock Edinvar continues to develop and implement our strategy to be positioned as a leading housing association in Scotland.

Income and expenditure for the year

Castle Rock Edinvar's turnover for the year ended 31 March 2022 was £47.4m (2021: £43.7m) (Note 2).

The total revenue and capitalised expenditure, including property services overheads, on repairs and improvements during the year amounted to £12.2m (2021: £12.6m). This represents expenditure on maintaining and improving our assets as part of the planned asset management programme.

During the year to 31 March 2022 Castle Rock Edinvar sold 7 properties generating a surplus of 1.0m (2021: 5 properties).

The surplus for the year was £22.9m (2021: £22.6m). The reserves carried forward at 31 March 2022 were £193.4m (2021: £168.8m) which included a £1.7m actuarial gain on the Scottish Housing Association Pension Scheme which is explained in note 21 of the Financial Statements (2021: £2.1m loss). These are predominantly invested in housing properties. More details of other income and expenditure are included in notes 2 to 10 to these accounts.

Balance sheet at 31 March 2022

The depreciated cost of Castle Rock Edinvar's housing assets at 31 March 2022 was £594.5m (2021: £540.0m). These have been funded from Housing Association Grant (HAG) and other capital grants of £281.9m (47%), loans of £117.2m (20%) and the Association's own resources of £195.4m (33%).

Donations

A gift aid payment totalling £4.9m was received from Places for People Scotland Limited during the year ended 31 March 2022 (2021: £4.0m).

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Operational performance for the year

Operational performance is monitored robustly by senior management and the Board throughout the year against a number of key performance indicators which measure business efficiency and customer satisfaction.

The Scottish Housing Regulator requires a satisfaction survey at least every three years. A total of 360 telephone interviews were carried out between the 12th April and the 29th April 2021. All scores are lower than the previous survey carried out on 2018 which has been the experience across the sector in the last year. The results in 2021 showed an overall satisfaction for the service of 81% with 85% of customers being satisfied with the quality of their home. 86% of tenants felt their rent represented good value for money.

A challenging operating environment related to the Covid-19 Pandemic has impacted on the performance of the business across multiple areas. Over the year 808 lets have taken place (2021: 512) with the average time to prepare properties to re-let increasing from 47 days at the end of March 2021 to 86 days by March 2022, this was however due to letting longer term void properties as a result of properties remaining empty during the Pandemic. The business continued to collaborate with the Places for People Group Lettings and Marketing teams to share best practice to monitor and improve performance. Tenancy turnover did increase during the year to 7% in 2022 (2021: 4%) which was also a result of post pandemic trends, this resulted in void loss increasing from 2.11% (2021: 1.96%).

The volume of repairs increased from the prior year to 19,375 (2021: 17,036), this increase is predominantly due to a backlog following a number of months of lockdown related to the Covid pandemic. The emergency repairs average timescale decreased to 10.5 hours (2021: 12 hours). Non-emergency repairs increased to 12 days however this was in line with target (2021: 8 days). Gas servicing achieved the 99.9% compliance to have current landlord gas safety certificates at 31 March 2022. We had one property where due to covid isolation rules, we could not complete the safety required gas safety checks. All internal processes were followed but extenuating circumstances prevented access, we can confirm the property is now compliant.

There has been an increase in total arrears from 5.7% to 5.9% which is behind the target of 4.5%. Our focus is promoting the people first ethos, making every attempt possible to contact those customers whose arrears are increasing. The business ensures every effort to contact the customer is in place, arrange potential personal visits by themselves or the neighbourhood team. We also have a fund to help assist those customers at risk of eviction who are genuinely trying to resolve the issue.

We continue to monitor our properties to ensure that they meet the standard for the Energy Efficiency in Scottish Social Housing (ESSH). As at 31 March 2022, of our 6,460 (2021: 6,237) self-contained properties within the scope of ESSH, there were 146 exemptions (2021: 146) and 93.8% (2021: 85.9%) of properties meeting the standard. We are continuously assessing our ESSH requirements to ensure we meet regulatory standards. From the 1st of January 2021, ESSH will formally supersede the energy efficiency elements set within the SHQS requirements.

The Association's strategy is aligned to that of the parent company Places for People Group Limited, as such the Financial Viability Statement and Value for Money information appropriate to the Association can be found in the Group financial statements that can be obtained from the Group's registered office at 305 Gray's Inn Road, London, WC1X 8QR.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Future developments and initiatives

Castle Rock Edinvar completed 221 affordable rented properties during the year to 31 March 2022 (2021: 103). Castle Rock Edinvar will complete a further 169 affordable rented properties by the end of March 2023. Furthermore Castle Rock Edinvar completed 118 mid-market rent units which are subsequently leased to Places for People Scotland with a further 230 units expected to be completed by the end of March 2023. Capital expenditure contracted but not provided in the accounts amounted to £50.6m (2021: £44.7m) (Note 20).

Development performance is monitored using a number of indicators covering profitability of schemes, cost control, development pipeline and the management of working capital. Castle Rock Edinvar has ownership of or is in control of land to ensure continued growth through the development of new stock, subject to the availability of grant funding and new borrowings which will form part of the Places for People Group's overall capital investment strategy.

Investments

Castle Rock Edinvar has invested £10.0m into a Scottish Mid-Market Rent Fund through PFP Capital. The objective of the fund, in conjunction with The Scottish Government is to stimulate delivery of new mid-market rent homes across Scotland. It is envisaged that local authority pension funds will invest alongside Castle Rock Edinvar and the Scottish Government to create a fund with an initial target of £150m of investment which when deployed, will be scaled up to become the largest single investor of affordable homes across Scotland. The investment objective of the Fund is to invest in mid-market rent developments generating an internal rate of return of 7% per annum on commitments drawn down, net of all fees, charges, expenses and taxes in the Fund.

Treasury management

Castle Rock Edinvar's internal borrowings increased during the year from £100.9m at March 2021 to £111.7m at March 2022 due to an increase in the activity within the development programme. The ratio of net loans to housing assets increased to 20.5% (2021: 19.7%) which is within the strategy target maximum of 50%.

The Board regularly reviews treasury management. The Group's policy is to retain minimal cash whilst ensuring that sufficient loan facilities are available and immediately accessible to finance a minimum of one year's cash flow. Cash projections cover a 3 year period to continuously monitor future borrowing requirements.

During the year the percentage of loans arranged at fixed interest rate was 100% (2021: 5%). The ratio of fixed and variable rates are reviewed regularly to ensure that Castle Rock Edinvar borrows at the best rates.

On the 1st May 2021 Castle Rock Edinvar novated the majority of its debt to Places for People Treasury Ltd. The new borrowing facility has a fixed interest rate of 3.3% for 3 years.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Employment

During the year ended 31 March 2022 the average number of people employed, expressed as full time equivalents, was 176 (2021: 196). Employee information is stated in Note 6 to these financial statements. The Board considers that employee involvement is essential to its continuing success and uses a variety of methods to inform, consult and involve its employees. The Our Place Rewards benefits portal continues to provide a wide range of benefits to all staff. Staff also have access to a comprehensive range of learning and development materials including the Places Academy which was launched during the year. The Places for People Group holds the Investors in People Gold accreditation. For the twelve months to 31 March 2022, absenteeism was 4.9% (2021: 4.8%). Staff turnover increased to 18.4% (2021: 5.6%) however this increase was expected due to a slow down in the recruitment market in the prior year due to Covid.

Following a wellbeing focussed staff conference we invested resources in enhancing working environment, introduced various health initiatives and introduced a wellbeing strategy.

Equality and diversity

The Board is committed to achieving equality through diversity and its policies and strategies recognise that all people have the right to their own distinctive and diverse identity. The Board recognises that it has the power to reduce the disadvantages that people experience by making services more responsive to all communities and individual needs. The Board also recognises its responsibility to meet these diverse needs by having a diverse workforce, which generally reflects local populations and has the skills and understanding to achieve the service objectives.

Pension funds

The Association contributed to one Defined Benefit and two Defined Contribution schemes during the year. The Scottish Housing Associations' Pension Scheme - defined benefit section ("the Scheme") is closed to new accrual. All new employees joining the Association now have the option of joining the Scottish Housing Associations' Pension Scheme - defined contribution section ("the DC Scheme"), to which the Association contributes. Auto enrolment staff will also join this DC Scheme. The Places for People Group Stakeholder defined contribution scheme ("the Group Scheme") from 1 April 2014 is only available to new entrants with sessional contracts. The Board will continue to review the Pension Strategy in 2021/22. More details of the Association's Pension Obligations are included in Note 21.

Health and safety

The Board takes very seriously its responsibilities on all matters relating to health and safety. There is a standing working group chaired by the Managing Director that meets to ensure all aspects of Health, Wellbeing and Safety are covered. Health, Wellbeing and Safety performance is audited by both Group Health and Safety staff and Internal Business Assurance. There is also a local health and safety operational working group to improve organisational culture and attitudes to working practices. We introduced a wellbeing strategy to complement our Health and Safety Plan.

The Grenfell tragedy has focused attention on the design and maintenance of our taller properties. We do not have any buildings similar to Grenfell Tower nor the material used, however we have conducted fire risk assessments on all 6 storey plus buildings and reviewed further fire safety proposals to ensure that our properties exceed fire safety regulations. We have started a number of new initiatives aimed at improving and promoting fire safety which will continue to be rolled out across our stock in future years.

During the H&S Assurance process all governing H&S Group Standards have been reviewed. Throughout 2022/23 we will be ensuring CRE remains compliant with these standards and addressing identified gaps. To further embed our H&S culture and to promote continual improvement, all staff with key H&S responsibilities will have H&S objectives set as part of the appraisal process. During 2021/22 there was 1 (2021: 0) reportable RIDDOR accidents.

The Environment and Corporate Social Responsibility

The Board recognises the need to develop its business in a sustainable manner. The business is developed to meet the needs of the present without compromising the ability of future generations to meet their own needs. We recognise that there are physical limits to the resources of the Earth (both in terms of generating materials and absorbing waste), and that any business activity that exceeds these limits is, by definition, unsustainable in the long term. In addition to making effective use of natural resources and enhancing the environment, we also believe that to achieve short and long term sustainability we need to promote social cohesion and inclusion and strengthen economic prosperity in the communities in which we work. Places for People has been accredited with ISO 14001.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

The Board

Responsibility for Castle Rock Edinvar's activities rests with the Board as detailed in the Governance Handbook. The Places for People Group, including Castle Rock Edinvar, adopted a code of conduct based on the UK Corporate Governance Code (UKCGC).

Details of the Board members can be found listed on page 3 of these financial statements. The normal term of office is an initial three years. Extensions may be granted to Board members' terms if approved by the Places for People Group Remuneration & Nominations Committee. The Board has a range of skills and experience which meet UKCGC requirements. The Board's approach to diversity, including gender, is consistent with that of the Group. Further information on this and the required disclosures are included in the consolidated financial statements which are available from the registered office address. In addition all directors have access to the Group Company Secretary for advice.

During the year, the Association undertook a board evaluation with a view to refining governance arrangements. The scope of the board evaluation considered the number and requisite skills and experience of board members and the number and remit of board committees. As a consequence of discussions agreement was reached that the number of non-executive board members be reduced from seven to five. One further resignation was accepted during the financial year as a consequence of other external commitments. The Board has adopted guidelines for the appointment of directors which are in place and which have been observed throughout the year. Where new directors are required an external search consultancy will be used to ensure that new Board appointments made meet the needs of the business. All potential conflicts of interest including those of executive directors are recorded and minuted at each meeting and held in a register.

The Board is well equipped to bring independent judgement to bear on issues of strategy, performance, resources and standards of conduct that are vital to the success of the Association. Induction is provided for new members joining the Board and regular updates are provided to refresh their skills and knowledge. Board members have a duty to exercise reasonable care, skill and diligence; a duty to promote the success of the Association; a duty to act within their powers; a duty to exercise independent judgment; a duty to avoid conflicts of interest; a duty not to accept benefits from third parties and a duty to declare any interest in a proposed transaction or arrangement. The Chair conducts an annual review of the performance of the Board, its committees and its individual board members.

Appropriate levels of training are provided throughout the year. Changes to the strategic policies and regulatory requirements are presented to the Board.

The Managing Director provided an assessment of adherence to the Board's adopted code of conduct for 2021/22 to the Places for People Group Board. The review further concluded that governance arrangements for the Association operated effectively and that the Board had operated effectively in the relevant period.

During the year and as part of the Board's review of governance arrangements it was agreed to disband the Association's Nominations & Governance Committee which formerly assessed the skills and experience needed on the Castle Rock Edinvar Board and if so requested by it, on the Boards of its subsidiary. In future, the Board will lead on the process of succession planning, recruitment and appointments to the Board of the Association and any Committee or subsidiary and make recommendations to Group's Remuneration & Nominations Committee, as appropriate.

The Board has agreed that there should be a reporting framework which would include six formal Board meetings and at least one development meeting each year. The Board Members' attendance at Board and Committee meetings, in relation to the number of meetings held, during the year ended 31 March 2022 is set out below.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Internal Control and Risk Management

The Board has delegated responsibility for reviewing internal control and assurance systems to the Audit & Risk Committee. The Committee conducts a review of the effectiveness of the Association's risk management and internal control systems through regular reports and by an annual review prior to consideration of the financial statements. The Committee reports to the Board on its level of satisfaction with the system of controls annually. The Board secures assurance as to the effectiveness of the system of internal control and risk management by those means.

The Group Business Assurance function supports the Board and Management through the provision of an objective and business-focused review service. An operational plan developed in conjunction with Management and the Audit & Risk Committee focuses upon key business risks. A plan is developed using the 'three lines of defence' model, to take account of existing quality assurance and compliance functions that provide a 'second line of defence' against control failures across the business.

The Audit & Risk Committee has reviewed the effectiveness of the system of internal control for the year ended 31 March 2022 and up to the date of signing these financial statements. It has not identified any weaknesses which resulted in material losses or contingencies or other uncertainties which require disclosure in the financial statements.

The Board and Senior Management have developed a Risk Map in accordance with Group procedures to evaluate each of these risks and to outline mitigation strategies.

Group Accounts

Castle Rock Edinvar Housing Association is exempt from the requirement to prepare and deliver group accounts as it is itself a wholly owned subsidiary of Places for People Group Limited. As such these financial statements present information about Castle Rock Edinvar Housing Association as an individual undertaking and not about it as a group.

Corporate Governance

The board has regard to the UKCGC when setting its corporate governance, by which it governs the organisation. In doing so the Board closely follows the principles followed by Group.

Linked to the above, the Association has adhered to these principles except for Code provisions 3, 4, 5 and 18.

Provisions 3, 4, and 18 contemplate dialogue with external shareholders or decisions being referred to shareholders on matters of director appointments, auditor appointments, director remuneration and the use of the AGM to communicate with investors.

Castle Rock Edinvar does not have external shareholders in the sense contemplated by the Code and therefore it addresses the need for scrutiny and evaluation through the board or an appropriate standing committee of the board and the Group engages with investors through a series of roadshow meetings and through an annual investors forum. Where Castle Rock Edinvar does not operate a particular standing committee of its own board it relies on Group Board level committees, described below, to perform these relevant functions.

The Group has an Audit & Risk Committee, a Remuneration & Nominations Committee, a Development Committee and a Treasury Committee. With the exception of the Group's Audit & Risk Committee, the remit of those committees extends to Castle Rock Edinvar. The committees draw members from and report to the Group Board and there are members (non-executive and executive) of the Group Board who are also members of the board of Castle Rock Edinvar, ensuring that information from the committees reaches Castle Rock Edinvar's board. In this way, the provisions of the Code are met in respect of Castle Rock Edinvar.

Provision 5 states that the board should understand the views of other key stakeholders and describe in the annual report how their interests and the matters set out in section 172 (duty to promote the success of the company) of the Companies Act 2006 (the 2006 Act) have been considered in board discussions and decision-making. Castle Rock Edinvar is a registered society rather than a company and so the specific reporting requirements under section 172 of the 2006 Act do not apply to it. However, Castle Rock Edinvar's parent company, Places for People Group Limited, publishes consolidated group accounts which do contain a section 172 statement within its Strategic report. That statement addresses the issue of identification of key stakeholders and engagement with their views across the whole Group including Castle Rock Edinvar.

Provision 5 also prescribes the options for workforce engagement. The board has concluded that its methods for engagement described in the Group's Annual report are effective and more suited to the Group's overall needs than any of the Code's prescribed mechanisms.

The Group Annual report contains a Governance report that details the governance arrangements of the Group, and how the Code is applied at Group Board level.

Board members consider the report and accounts, taken as a whole, to be fair, balanced and understandable.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Going concern and viability statement

The going concern assessment considers whether it is appropriate to prepare the financial statements on a going concern basis. As part of this assessment the Board monitors the external economic and financial environment including any continuing impact of the Covid-19 pandemic, the war in Ukraine, the cost-of-living crisis and increased energy costs. The Board is focussed on mitigating the risks for the Group and has assessed the going concern considering the above factors along with the risks included in the Group risk register.

At 31 March 2022 the Group had cash and undrawn facilities of £1.1bn. The Group continues to actively manage its cash flows in order to mitigate any reductions in income.

The directors have reviewed the projected cash flows covering a period of 12 months from the date of the approval of the financial statements, which indicate that the Group will be able to operate within the levels of its agreed facilities and the compliance with debt covenants. For the purposes of both Viability and Going Concern, the Directors have overlaid several severe but plausible, multi-variant scenarios. These scenarios include limited housing sales, reduction in rents collected, leisure centre closures, loss of management contracts, increase in interest rates, long term increase in inflation and the cost of meeting government sustainability targets.

As a result of these assumptions, and before any cost reductions are applied, management believe the liquidity of the Group at 31 March 2023 would be £600m and £360m at 31 March 2024 if the Group did not raise any additional finance to that which is currently available.

Castle Rock Edinvar receives funding from Places for People Homes through an on-lending facility, Places for People Homes is part of the Guarantor Group and can access funding from this Group pool, therefore the liquidity position of the Group supports the going concern assumption for the Castlerock Edinvar.

On the basis described above, the directors are confident that the Group has adequate resources to continue to meet all liabilities, as and when they fall due, for 12 months from the date of approval of the financial statements and therefore consider it appropriate to adopt the going concern basis in preparing these financial statements.

The UK Corporate Governance Code requires the directors to make a statement with regard to the viability of the Group. This requires consideration of solvency and liquidity over a longer period than the going concern assessment. The Group's strategic plan covers a 10-year period, over which the directors have made assumptions regarding the Group's revenues, operating costs and cash requirements.

The projections for the first three years of the plan are based on current opportunities and include an expectation of the rental incomes for the Group. There is inherently less certainty in the projections from year four to ten. Consistent with prior years, the directors have therefore determined that three years is an appropriate period for this viability statement.

In assessing the Group's prospects and resilience, the management produced projections which considered the Group's current business position and risk appetite. The projections have undergone rigorous single and multi-variate stress testing through consideration of several events, scenarios and mitigation factors, which identify the mix of extreme circumstances that could create challenging conditions for the Group, including a downturn in the housing market. These events and scenarios have been selected from an analysis of the operating environment; policy and politics; the regulatory framework; the Group risk register; and analysis of economic and financial market trends and risks. The results confirmed that the Group would continue to be able to settle projected liabilities as they fall due over a three-year period. Therefore, the Directors were satisfied that measures were in place to mitigate significant risks the Group's operations.

The Group Board can also confirm that it has complied with the Governance and Financial Viability Standard set out by the RSH. During the year, the RSH gave the Group ratings for Governance and Viability of G1 and V1 respectively. External assurance of the Group's viability is demonstrated by the Group's credit ratings (A- (stable) with S&P Global and A3 (stable) with Moody's and A (stable) with Fitch).

Having assessed the prospects of the Group, including the Group's current funding, forecast requirements, existing committed borrowing facilities and the principal risks as outlined in the group annual report, the directors have a reasonable expectation that the Group will be able to continue in operation and meet its liabilities as they fall due over the period to March 2025.

In making this statement the directors understand that there is inherent uncertainty in all business planning and therefore as a result it is not possible to consider every risk and eventuality that the Group may face. The Board is satisfied that the stress testing that is performed on the Group's business plan includes all the major risks that the Group may face and therefore provides strong assurance of the Group's financial viability.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Compliance with the Scottish Housing Regulator's Financial Regulatory Standards and Financial Viability Standard

The Association has assessed the position and confirms that it has complied with the Scottish Housing Regulator's Standards of Governance and Financial Management.

Statement of Board to the Auditors

At the time of approval of this report:

- So far as the Board is aware, there is no relevant audit information of which the Associations' Auditor is unaware, and
- The Board has taken all steps that they ought to have taken as a Board in order to make themselves aware of any relevant audit information and to establish that the Association's Auditor is aware of that information.

Statement of Internal Financial Control

The Board acknowledges its ultimate responsibility for ensuring that the Association has in place a system of controls that is appropriate for the business environment in which it operates. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Association, or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets against unauthorised use or disposition.

It is the Board's responsibility to establish and maintain the systems of internal financial control. Such systems can only provide reasonable and not absolute assurance against material financial mis-statement or loss. Key elements of the Association's systems include ensuring that:

- formal policies and procedures are in place, including the ongoing documentation of key system and rules in relation to the delegation of authority, which allow the monitoring of controls and restrict unauthorised use of the Association's assets;
- experienced and suitably qualified staff take responsibility for important business functions and annual appraisal procedures have been established to maintain standards and performance;
- forecasts and budgets are prepared which allow the management team and the Board to monitor key business risks, financial objectives and progress being made towards achieving the financial plans set for the year and for the medium term;
- monthly financial management reports are prepared promptly, providing relevant, reliable and up-to-date financial and other information, with significant variances from budget being investigated as appropriate;
- regulatory returns are prepared, authorised and submitted promptly to the relevant regulatory bodies;
- all significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures, though the Board;
- the Board received reports from management and from external and internal auditors, to provide reasonable assurance that control procedures are in place and are being followed and that a general review of the major risks facing the Association is undertaken; and
- formal procedures have been established for instituting appropriate action to correct any weaknesses identified through internal or external audit reports.

The Board has reviewed the effectiveness of the internal financial controls in existence in the Association for the year ended 31 March 2022. No weaknesses were found in internal financial controls which resulted in material losses, contingencies or uncertainties which require disclosure in the financial statements or in the auditor's report on the financial statements.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Strategic Report
For the year ending 31 March 2022

Statement of Board's responsibilities in respect of the Board's report and the financial statements

The Board is responsible for preparing the Board's Report and the financial statements in accordance with applicable law and regulations.

Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board have elected to prepare the financial statements in accordance with UK Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

The financial statements are required by law to give a true and fair view of the state of affairs of the Association and of its income and expenditure for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless it either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the Association and enable them to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing (Scotland) Act 2010 and the Registered Social Landlords Determination of Accounting Requirements 2019. It is responsible for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Association and to prevent and detect fraud and other irregularities.

By order of the Board

Chris Martin
Company Secretary

24 August 2022

Independent auditor's report to the members of Castle Rock Edinvar Housing Association

Opinion

We have audited the financial statements of Castle Rock Edinvar Housing Association ("the association") for the year ended 31 March 2022 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and Reserves and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view, in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, of the state of affairs of the association as at 31 March 2022 and of its income and expenditure for the year then ended;
- comply with the requirements of the Co-operative and Community Benefit Societies Act 2014; and
- have been prepared in accordance with the Housing (Scotland) Act 2010 and the Registered Social Landlords Determination of Accounting Requirements 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the association in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The association's Board has prepared the financial statements on the going concern basis as they do not intend to liquidate the association or to cease its operations, and as they have concluded that the association's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the Board's conclusions, we considered the inherent risks to the association's business model and analysed how those risks might affect the association's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the Board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the Board's assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the association's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the association will continue in operation.

Fraud and breaches of laws and regulations – ability to detect

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors and inspection of policy documentation as to the Association's high-level policies and procedures to prevent and detect fraud, as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Reading Board and Audit and Risk Committee minutes.
- Using analytical procedures to identify any unusual or unexpected relationships.

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

As required by auditing standards, and taking into account possible pressures to meet internal performance targets and our overall knowledge of the control environment, we perform procedures to address the risk of management override of controls and the risk of fraudulent revenue recognition, in particular the risk that income from property sales is recorded in the wrong period and the risk that Association management may be in a position to make inappropriate accounting entries.

We did not identify any additional fraud risks.

Fraud and breaches of laws and regulations – ability to detect continued

In determining the audit procedures we took into account the results of our evaluation and testing of the operating effectiveness of some of the Association-wide fraud risk management controls.

We also performed procedures including:

- Identifying journal entries and other adjustments to test based on risk criteria and comparing the identified entries to supporting documentation. These included those posted by unexpected individuals, journals posted to seldom used accounts, and journals posted to cash and turnover that were considered outside of the normal course of business.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience, and through discussion with the directors and other management (as required by auditing standards), and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

As the Association is regulated, our assessment of risks involved gaining an understanding of the control environment including the entity's procedures for complying with regulatory requirements.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Association is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related Co-operative and Community Benefit Societies Act), taxation legislation, pension legislation and disclosures required by Housing legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Association is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: health and safety, data protection laws and certain aspects of housing legislation recognizing the financial and regulated nature of the Association's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the directors and other management and inspection of regulatory and legal correspondence, if any. Therefore, if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

Other information

The association's Board is responsible for the other information, which comprises the Board's Strategic Report. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge.

We are required to report to you if:

- based solely on that work, we have identified material misstatements in the other information; or
- in our opinion, the Statement on Internal Financial Control does not provide the disclosures required by the relevant Regulatory Standards within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls; or
- in our opinion, the Statement on Internal Financial Control is materially inconsistent with the knowledge acquired by us in the course of performing our audit.

We have nothing to report in these respects.

Matters on which we are required to report by exception

Under the Co-operative and Community Benefit Societies Act 2014 we are required to report to you if, in our opinion:

- the association has not kept proper books of account; or
- the association has not maintained a satisfactory system of control over its transactions; or
- the financial statements are not in agreement with the association's books of account; or
- we have not received all the information and explanations we need for our audit

We have nothing to report in these respects.

Board's responsibilities

As explained more fully in their statement set out on page 13, the association's Board is responsible for: the preparation of financial statements which give a true and fair view; such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless it either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the association in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and section 69 of the Housing (Scotland) Act 2010. Our audit work has been undertaken so that we might state to the association those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association, for our audit work, for this report, or for the opinions we have formed.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

1. PRINCIPAL ACCOUNTING POLICIES

The financial statements have been prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 (FRS 102), with the Companies Act 2006, and the requirements of the Co-operative and Community Benefit Societies Act 2014 Determination of Accounting Requirements 2012 and comply with the accounting requirements of section 68(1) of the Housing (Scotland) Act 2010.

The Association is a public benefit entity.

The financial statements are presented in Sterling (£'000).

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Basis of accounting

The financial statements have been prepared under the historical cost convention and comply with the Registered Social Landlords Accounting Requirements (Scotland) Order 2014.

The Association's ultimate parent undertaking includes the Association in its consolidated Financial Statements. Those consolidated Financial Statements are prepared in accordance with FRS 102 and are available to the public and maybe obtained from Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8Qr.

As the consolidated financial statements of the ultimate parent undertaking, Places for People Group Limited, include the equivalent disclosures, the Association has also taken the exemptions under FRS 102 available in respect of financial instruments and has not provided disclosures otherwise required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1. The Association has applied the exemptions available under FRS 102.1.11 and FRS 102.1.12 (preparation of a statement of cash flows and related notes).

The directors, after reviewing the company's budgets for 2021/22 and the group's medium term financial position as detailed in the 30-year business plan, are of the opinion that, taking account of severe but plausible downsides, the company will have sufficient funds to meet its liabilities as they fall due for a period of 12 months from the date of approval of the financial statements. The directors therefore continue to adopt the going concern basis in preparing the annual financial statements.

Significant Judgements

The following are the significant judgements, apart from those involving estimations (which are set out separately below), that have been made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Going Concern

In order to assess whether it is appropriate for the Association to be reported as a going concern, the management apply judgement, having undertaken appropriate enquiries and having considered the business activities and the principal risks and uncertainties. The Association's ultimate parent undertaking, Places for People Group Limited, includes a full review of going concern and is set out in the Going Concern and Viability Statement of the consolidated financial statements. In arriving at this judgement there are a large number of assumptions and estimates involved in calculating future cash flow projections. This includes management's expectations of both property sales and rental turnover, operating costs, timing and quantum of future capital expenditure and estimates and cost of future funding. Sensitivity testing, involving challenging scenarios including reasonable worst case scenarios in respect of Covid-19, has been undertaken in respect of the assumptions used within the going concern assessment. As a result of these considerations the financial statements have been prepared on a going concern basis.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

1. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

Investment properties

The Association owns a range of different property types. This requires the Association to assess which properties should be classified as investment properties as these properties are held at a market valuation, not at depreciated cost.

The Association considered the FRS 102 definition of investment property which refers to property held to earn rentals for capital appreciation, rather than for administrative purposes or for sale in the ordinary course of business. The Association has also reviewed Section 16 of FRS 102 that precludes the classification of property held primarily for the provision of social benefits being classified as investment property. The Association has applied this by judging that rental properties without public subsidy attached to them are investment properties.

Accounting estimates

The nature of estimation means that actual outcomes may differ from the estimates made.

Residual value of social housing properties

It is considered that the estimate of residual value of social housing properties has a significant impact on the carrying amount of social housing assets. The Association considers the residual value of social housing property structure to be cost. The net book value of completed social housing properties is £550m. The residual value of social housing property structure is £42.9m above the carrying value as at 31 March 2022.

Defined benefit pension schemes

The Association has defined benefit obligations relating to one pension scheme. Note 21 sets out the details for these schemes and the assumptions made to assess the net scheme benefit as at the reporting date. The Association engages qualified actuaries to advise on an appropriate discount rate. A decrease in the discount rate used of 0.1% is estimated to reduce scheme total liabilities by £450k.

Investment properties

In addition to judging whether or not properties are categorised as investment properties, the Association is also required to estimate the fair value of investment properties on an annual basis. A full valuation was carried out in line with the principles of RICS guidance and the Red Book. The results of the valuation exercise have been subjected to management scrutiny and challenge.

Recoverability of Stock

The Association has £296k of stock at 31 March 2022 (2021: £524k), comprising trade stock of £296k. FRS 102 section 13 requires stock to be measured at the lower of cost and estimated selling price less costs to complete and sell. The Association also undertakes sensitivity analysis and has assessed that a short-term drop in expected selling prices of our completed properties of 10% would not result in a material impairment charge.

The Association monitors development projects and properties held for sale on an ongoing basis and uses rigorous appraisal techniques to estimate the recoverable amount of stock. Realistic financial projections are used on an individual site basis to allow management to estimate that land and property are held at the appropriate amount. The Association makes judgements to assess the achievable selling price for properties including assessing the views of specialist advisers on the UK housing market and future house price inflation. Management also consider detailed information relating to geographical area and property type. As such the Association judges that stock is held at the lower of cost and estimated selling price less costs to complete and sell.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

1. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

Turnover

The turnover represents mainly rents, service charges and revenue grants receivable from the Scottish Government or Local Authorities and some fees from managing agency services.

Tenant arrears, trade and other debtors

Tenant Arrears, Trade and other debtors are recognised initially at transaction price less attributable transaction costs.

Trade and other creditors

Trade and other creditors are recognised initially at transaction price plus attributable transaction costs.

Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs.

Pensions

The Association participates in the Scottish Housing Association's Pension Scheme (SHAPS), a multi-employer defined benefit scheme. The in-year movement in the scheme deficit is split between operating charges, finance costs and, in other comprehensive income, actuarial gains and losses. The Association has complied with relevant disclosures which are included in Note 21.

The Association also contributes to two defined contribution schemes. These schemes' assets are held separately from those of the Association in an independently administered fund. The amount charged against profits represents the contributions payable to the schemes in respect of the accounting period.

VAT

The majority of the Association's turnover from letting activities is exempt from VAT. Where appropriate, costs are stated including irrecoverable VAT.

Housing Association Grant (HAG) and other capital grants

When HAG in respect of housing properties in the course of construction exceeds the total cost to date of those housing properties, the excess is shown as a current liability.

Where HAG or other grant is retained following the disposal of property, it is shown under the disposal proceeds and recycled capital grant funds in creditors. These funds will be used for the provision and improvement of new social housing for rent and sale.

HAG is initially recognised at fair value as a long term liability as deferred grant income and released through the profit and loss as turnover income over the life of the component elements of housing properties in accordance with the accrual method applicable to registered providers of social housing accounting for housing properties at cost, except for grant received in respect of Homebuy investments, included in Note 18 with Deferred Government Grant.

Concessionary loans

The Association has a Shared Ownership arrangement which is considered to be a concessionary loan.

Under the Shared Ownership scheme, the Association receives Shared Ownership grant representing a percentage of the open market purchase price of a property in order to advance interest free loans to a homebuyer. The loans advanced by the Association meet the definition of concessionary loans and are shown as fixed assets investments on the balance sheet. All are non-current loans, as they are not redeemable on demand.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)**Notes to the Financial Statements****For the year ending 31 March 2022**

1. PRINCIPAL ACCOUNTING POLICIES (CONT'D)**Capitalisation of fixed assets**

The Association capitalises expenditure to existing properties which it is considered will materially enhance the economic life of the asset, its income generating capacity or will result in a material reduction in annual operating costs. Components such as kitchens, windows, doors and bathroom replacement programme are capitalised and depreciated over their expected useful lives.

Scottish Government shared equity scheme

The Association has sold properties under the Scottish Government shared equity schemes. Under these schemes buyers purchase a majority share of the property with the balance funded by Scottish Government grants. The fixed asset investment represents the total of the loans receivable from purchasers of the property when the equity is released. There is an equal and opposite liability to the Scottish Government amounting to any shared equity release.

Cost of raising finance

The cost of raising finance is amortised over the period of the instrument. The deferred cost is offset against the liability and is included within "Creditors: amounts falling due after one year" (Note 18).

Depreciation

Fixed assets other than freehold land are depreciated in accordance with FRS102 at rates calculated to reduce the net book value of each component element to its estimated residual value, on a straight line basis, over the expected remaining useful life of the component. Freehold land is not depreciated. The estimated life of assets and components is as shown in the table below.

<u>Housing assets</u>	<u>Depreciation period in years</u>
Kitchens	20
Bathrooms	20
Boilers	15
External Windows & Doors	30
Roofs	45

1. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

Impairment

For fixed assets with a remaining useful life greater than 100 years an impairment review is carried out on an annual basis in accordance with FRS 102. For all other assets an impairment review is undertaken when there is an indication the asset may be impaired. If assets are found to be impaired, the amount of impairment is disclosed in Note 3 - Analysis of the income and expenditure.

Deferred government grant

HAG received from The Scottish Government is initially stated at fair value as a long term liability and is amortised as income over the life of the component elements of properties.

Capitalisation of interest and development overheads

Interest is capitalised on loans financing schemes in development up to their completion. This is calculated by reference to the Association's cost of borrowing and the development costs.

Administration costs relating to development activities are capitalised based on an apportionment of the staff time directly spent on this activity.

Investment Property

Private sector rented properties are shown in investment properties and were valued externally at the date of transition to FRS 102 (1 April 2014) by a qualified RICS chartered surveyor. Valuations are re-assessed on an annual basis.

Commercial properties are shown in investment properties and valuations are completed using detailed rental income stream and yield information.

Investment properties are held at fair value with changes in fair value recognised in profit and loss.

Fixed asset investments

Fixed asset investments are measured at cost. An annual review is carried out by management to assess if there are any triggers that would lead to an impairment review. In the event of any impairment, the investment is measured at the lower of its recoverable amount or its value in use. Investments in joint ventures are recognised initially at cost and subsequently measured using the equity method.

Operating leases

Costs in respect of operating leases are charged on a straight line basis over the lease term.

Group Accounts

Castle Rock Edinvar Housing Association is exempt from the requirement to prepare and deliver group accounts as it is itself a wholly owned subsidiary of Places for People Group Limited. As such these financial statements present information about Castle Rock Edinvar Housing Association as an individual undertaking and not about its group.

Stock and work in progress

Stock and work in progress principally comprises the costs to the balance sheet date of properties being developed for sale either as outright sale or shared ownership properties.

Service charge sinking funds

The Association is required to set aside sums in respect of future maintenance of certain factored properties. Amounts accumulated in the fund are included within "Cash at bank and in hand" and within "Creditors: amount falling due within one year" (Note 17).

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

2. PARTICULARS OF TURNOVER, OPERATING COSTS, AND OPERATING SURPLUS

21. PENSION OBLIGATIONS

The Association contributed to one Defined Benefit and two Defined Contribution schemes during the year. The pension costs for the Association relate to the following schemes:

2022	2021
£'000	£'000

Defined Benefit scheme liabilities

The Scottish Housing Associations' Pension Schemes "SHAPS"

-	2,480
---	-------

The Scottish Housing Associations' Pension Scheme (SHAPS) - defined benefit section ("the Scheme")

The Association participates in the Scottish Housing Associations' Pension Scheme (SHAPS), a multi-employer scheme which provides benefits to non-associated employers.

The Scheme was previously closed to new entrants and from 1 April 2014 new accruals ceased. Members of the Scheme were given the option to enrol in one of the Associations' Defined Contribution schemes.

SHAPS is a defined benefit scheme in the UK and is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last triennial valuation of the scheme for funding purposes was carried out as at 30 September 2018. This valuation revealed a deficit of £121m. A recovery plan has been put in place to eliminate the deficit which runs to 31 March 2023 for the majority of employers, although certain employers have different arrangements.

We have been notified by the Trustee of the Scheme that it has performed a review of the changes made to the Scheme's benefits over the years and the result is that there is uncertainty surrounding some of these changes. The Trustee has been advised to seek clarification from the Court on these items. This process is ongoing and the matter is unlikely to be resolved before the end of 2024 at the earliest. It is recognised that this could potentially impact the value of Scheme liabilities, but until Court directions are received, it is not possible to calculate the impact of this issue, particularly on an individual employer basis, with any accuracy at this time. No adjustment has been made in these financial statements in respect of this potential issue.

SHAPS is classified as a 'last-man standing arrangement'. Therefore the company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

21. PENSION OBLIGATIONS (CONT'D)

The mortality assumption used at 31 March 2022 is that a male currently aged 65 years old has a life expectancy of 21.6 years (2021: 21.5 years), a female currently aged 65 years old has a life expectancy of 23.9 years (2021: 23.4 years), a male currently aged 45 years old has a life expectancy of 42.9 years (2021: 42.8 years) and a female currently aged 45 years old has a life expectancy of 45.4 years (2021: 45.0 years).

The major assumptions used by the actuaries of each scheme were:

	2022	2021
Discount rate	2.80%	2.10%
Rate of RPI inflation	3.60%	3.30%
Rate of increase in salaries	2.93%	3.85%
Rate of CPI inflation	4.23%	2.60%

The major categories of assets as a percentage of total assets are as follows:

Diversified growth funds, hedge funds and structure funds	14.1%	13.6%
Equities	20.7%	19.9%
Liability driven investments	36.0%	36.0%
Absolute return bonds	5.6%	7.6%
Corporate bonds	6.3%	7.5%
Other fixed interest	7.2%	6.7%
Insurance linked securities	2.1%	2.1%
Direct lending	2.5%	2.4%
Property	5.5%	4.2%

	2022	2021
	£'000	£'000
Fair value of assets	26,794	26,235
Present value of the scheme's liabilities	(26,575)	(28,715)
Asset ceiling	(219)	-
Deficit in the scheme	-	(2,480)

	2022	2021
	£'000	£'000
Expenses	27	25
Net interest expense	43	19
Total charged to the statement of comprehensive income	70	44

	2022	2021
	£'000	£'000
Experience on plan assets	182	2,251
Experience on plan liabilities	(398)	(403)
Effects of changes in demographic assumptions	(95)	-
Effects of changes in financial assumptions	2,220	(3,913)
Effects of changes in the amount of surplus that is not recoverable	(219)	-
Defined benefit gain recognised in other comprehensive income	1,690	(2,065)

The change in the fair value of the plan assets is analysed as follows:

As at 1 April	26,235	23,505
Interest on plan assets	549	586
Company contributions	860	780
Benefits paid	(1,032)	(887)
Return on assets less interest	182	2,251
As at 31 March	26,794	26,235

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
Notes to the Financial Statements
For the year ending 31 March 2022

21. PENSION OBLIGATIONS (CONT'D)

The change in the present value of the defined benefit obligations is analysed as follows:	2021	2021
	£'000	£'000
As at 1 April	28,715	24,656
Expenses	27	25
Interest costs	592	605
Benefits paid	(1,032)	(887)
Actuarial losses/(gains) due to scheme experience	398	403
Actuarial losses from changes to demographic assumptions	95	-
Actuarial losses/(gains) from changes to financial assumptions	(2,220)	3,913
As at 31 March	26,575	28,715

The Places for People Group Stakeholder Scheme ("the Group Scheme")

Employees joining the Association from 1 September 2004 to 1 April 2014 had the option of joining the Group Scheme. From the 1 April 2014 this scheme is only available to new entrants with sessional contracts.

The amount charged to the Statement of Comprehensive Income in relation to this scheme was £535k (2021: £610k) which represents contributions payable to this scheme by the Association at rates specified in the rules of the scheme.

22. CONTINGENT LIABILITIES

The Association, together with some fellow subsidiaries of the Places for People Group, has guaranteed to holders of debt issued by members of the Places for People Group, the principal amount and interest accrued in respect of certain debts in the event of default by the issuing entity.

The total capital outstanding at 31 March 2022 in respect of such guarantees was £300.0m (2021: £nil). The total interest accrued at 31 March 2022 relating to this debt was £1.3m (2021: £nil).

These represent the maximum exposure for the Association.

The directors consider it extremely unlikely that the company would be required to make any payments in respect of this guarantee.

The Group is party to prospective legal action arising from the scheme rules of the Group retirement benefit pension scheme, more detail can be found within note 21.

23. RELATED PARTY TRANSACTIONS AND ULTIMATE PARENT UNDERTAKING

The Association is a subsidiary of the Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8QR. As the ultimate parent company publishes consolidated group accounts the Association has accordingly taken advantage of the exemption not to report transactions with other group members as permitted by FRS102 section 33.1A.

Under Section 33 of FRS 102 defined benefit pension schemes are considered to be related parties. Employees of the Association are members of the following defined benefit schemes: The Scottish Housing Associations' Pension Scheme, The Social Housing Pension Scheme, The Places for People Group Retirement Benefit Scheme, The Places for People Group Stakeholder Scheme. Details of transactions with the schemes are disclosed in note 21.

Places for People Scotland Limited is a subsidiary of the Company.

Castle Rock Edinvar Housing Association (trading as Places for People Scotland)
