

**EAST AYRSHIRE COUNCIL
ANNUAL ASSURANCE STATEMENT 2024**

With the exception of the improvement action regarding the Council's Electrical Installation Condition Reports the Council comply with the regulatory requirements set out in the Regulatory Framework

As part of ongoing scrutiny, actions have been identified relative to the Council's Electrical Installation Condition Report (EICR). This further scrutiny identified 417 properties which were unable to demonstrate full compliance with EICR requirements. Of those 417, 58 are subject to a current or future committee decision. The remaining 359 outstanding properties are actively being addressed.

In reviewing our compliance with the Regulatory Framework, we are assured that we are working towards having appropriate systems in place for the collection of equality data and that we are using this data to take account of equality and human rights issues in our decisions, policy making and day-to-day service delivery. The Council is progressing work to ensure that data related to all the protected characteristics is collected and discussions have taken place in relation to adopting a human rights approach in our work across our service.

I confirm East Ayrshire Council have seen and considered appropriate evidence in approving this Annual Assurance Statement at a Governance and Scrutiny Committee meeting on 10 October 2024.

Signed:

**Councillor Peter Mabon
Chair of Governance and Scrutiny Committee
10 October 2024**
