Chair's Report

It is with great pleasure, in this my first year as chair, that I introduce the financial statements for the year to 31st March 2022.

I must begin by thanking all my Home in Scotland colleagues for their excellent work and support in what has been another extremely challenging year. Our people have demonstrated extraordinary commitment, resilience and adaptability while working in very difficult circumstances.

Our supportive environment, inclusive culture, and strong values and purpose have enabled us to deal with the many challenges which have come our way. And while, as we are all too well aware, further challenges and uncertainty lie ahead, I am pleased to report that our organisation has ended the year in a strong position.

Last year Home in Scotland reached the end of our five-year operational strategy – a period severely impacted by both Brexit and Covid-19. Nevertheless, we made considerable ground in our ongoing mission 'to build homes, independence and aspirations' in those five years.

Overall, we have remained strong financially. We ended 2021/22 in a healthy financial position, achieving a surplus of £6.0 million which allows us to continue to invest significantly in our communities, improve our services and deliver new affordable homes. We have also achieved many of our targets despite the challenges we faced.

Customers remain at the heart of what we do and we have continued to work hard to support customers through this extremely difficult time. We are acutely aware that our customers are experiencing significant pressures from the ongoing cost of living crisis and that this will intensify in the period ahead. In response, we've invested in additional staff to support customers facing financial hardship and are continuing to do all that we can to support those in greatest need, including working in partnership with other local and national organisations.

Through regular dialogue and engagement, we have listened to our customers and our improvement plans are focused on getting better at the basics – the things that our customers tell us are most important to them. A key focus has been on improving our maintenance services which we know is of vital importance to our customers. Labour market and supply chain issues have impacted on us, as they have many organisations and sectors, but we have continued to adapt and innovate to address these issues.

During 2021/22 our maintenance team completed almost 3,300 emergency and 9,800 routine repairs, modernised almost 250 void properties and serviced all heating systems to ensure our customers remained safe in their homes.

Our customers' safety is of paramount importance and, in the past year, safety inspection and servicing checks

were undertaken to all lifts and premises with stored water, with electrical installations tested and certified as safe in accordance with our five-year cycle. All fire risk actions arising from fire risk assessments were completed, while working around the availability of materials and associated pandemic restrictions. In addition, we completed a substantial planned programme replacing over 1,100 components, supported by £0.4m of grant funding.

Our Tenancy Sustainment Framework demonstrates how we focus our attention on helping our customers to sustain an affordable quality home which we know has a positive impact on our customers' well-being. We've also continued our work to understand rent affordability for customers so that we are better able to offer targeted support to customers under the most financial pressure. We engaged with customers on how our rents should be set in the future and we know they want a simple and transparent fair approach. This work will be built upon in the year ahead.

We continued with a range of virtual customer engagement activities which were put in place during the pandemic. Using digital communication tools, customer representatives played a significant role in the design and content of the 2021/22 Annual Charter Performance Customers' Report, and the Rent Consultation Newsletter, including development of the Value for Money Statement.

Whilst customers appreciated the measures we took to remain in touch remotely as a result of Covid restrictions, they were keen to return to face-to-face engagement. We have responded to this through the reintroduction of in person meetings and are now developing our plans for meetings, events and other engagement opportunities for the coming year.

Over the past year we have worked even more closely and collaboratively with Scottish Government and other stakeholders to support the sector recovery and to realise our shared national commitment to deliver more affordable homes. We have also continued in our role as a key partner in the Scottish Government's Housing First programme, assisting those who have experienced repeat homelessness. Our representation on a range of groups such as the Social Housing Resilience Group has enabled us to work across the sector and contribute to how the sector recovers from the impact of the pandemic.

In 2021/22 we delivered 76 new homes in Edinburgh and West Lothian. We are currently live on site with nine new developments, which will deliver 620 new build homes over the next two financial years. These developments are spread across Dundee, Edinburgh and Glasgow. We also continue to work on a number of new development opportunities, and are currently exploring possible new developments in West Lothian and Edinburgh.

In Glasgow, we are currently working up the final phase of East Balornock, which when delivered will conclude

Home in Scotland's regeneration of this area. We are working on other development opportunities across Glasgow, including working with Glasgow City Council on proposals for a significant expansion of our development at the Meat Market site.

Over the past year, we have given consideration to how we can contribute to Scotland's journey towards net zero carbon, both in relation to our existing and new build homes. We are strongly committed to delivering energy efficient homes which are cost effective for our customers and to ensuring that new developments and regeneration projects support our and the Scottish Government's net-zero targets.

Our planned investment over the next five years is substantial. However, it's not all about land, buildings or materials. Investing in people – especially existing colleagues – is at the heart of Home Group's new five-year strategy, including a commitment to 'Grow Our Own' – which is about supporting the exceptional talent we have throughout the organisation. This approach will enable colleagues to grow and develop and to lead the organisation over the next five years, and beyond.

Many colleagues have gone above and beyond to support our customers, often while dealing with their own personal and professional challenges created by the pandemic. Their dedication to making a difference to the lives of our customers is immense and I am pleased that the organisation has taken a number of steps to provide

greater support to colleagues, including a range of well-being activities.

Over the past year, the Board of Home in Scotland has been active in overseeing and scrutinising the performance of the organisation and has worked collectively to develop a new Strategy and Business Plan which aligns with the Home Group's revised strategy, while addressing the specific needs and priorities of the organisation in Scotland. Taking this work forward will be the key focus of our attention in the coming year. We have also continued to develop our assurance processes and to ensure that we comply fully with the requirements of the Scottish Housing Regulator.

I am extremely grateful to all my Board colleagues for their commitment, professionalism and valued contributions. They, like colleagues, play a vital part in ensuring we can successfully address the challenges we face now, while driving forward our ambitions for the future.

By order of the Board.

Susan Deacon CBE
Chair
23 August 2022

The Board presents its report and the audited financial statements for the year ended 31 March 2022.

Registration of the Association

Home in Scotland Limited (the Association) is registered with the Financial Conduct Authority under the Co-operative and Community Benefit Societies Act 2014 - registered number 1935R(S) - and with The Scottish Housing Regulator under the Housing (Scotland) Act 2010 - registered number HAL90. The Association's rules are based on the Scottish Federation of Housing Associations' Charitable Model Rules (Scotland) 2013.

Parent Association

Home Group Limited (HGL) is registered with the Financial Conduct Authority under the Co-operative and Community Benefit Societies Act 2014 (registered number 22981R) and with the Regulator of Social Housing (registered number L3076).

Principal Activities

The principal activities of the Association are the provision of rented accommodation for those in housing need and the development of low cost home ownership schemes.

Results

The Association has made a surplus of £5,969,000 in the year to 31 March 2022. This is compared with £4,755,000 in the previous year. Annual surpluses are required to cover long term maintenance obligations, the development of property for sale (the profits of which are invested into our core services and the provision of more affordable homes), repayment of loans and future risks.

Review of Business

A brief review of the business is given on page 2-3 in the Chair's report. The review was written in the context of a number of factors that have impacted the business:

Living with Covid

During 2021/22 the effects of the coronavirus pandemic continued to impact the Association, as well as our customers, colleagues, suppliers and stakeholders. At the start of the pandemic we were able to respond quickly, adapting our operations to manage risk and ensure continuity of service to all customers. Our operations continued to be affected throughout the year as we managed the impact of higher than average sickness absence, and changes in restrictions right through the period.

In September 2021 we reopened our offices to all colleagues for the first time since the start of the pandemic and after responding to the initial threat of the Omicron virus in December 2021 returned to them in January 2022. We continue to respond to changing legislation and best practice, updating our policies and procedures promptly when necessary.

The legacy of Brexit

We have continued to be mindful of Brexit and any potential impact to the Association. Brexit has been seen as a trigger of existing strategic and operational risks rather than a specific risk on its own, and to date we have not seen a significant impact on our risk profile in relation to the UK exiting the European Union.

Emerging challenges

As the Scottish, UK and global economies emerge from the pandemic, labour market and supply chain disruption have caused increases in price and availability of goods and services. Further uncertainty and disruption has followed the invasion of Ukraine, and we have seen the highest inflation rates in 40 years. This particularly impacts our maintenance costs, and rising inflation presents an ongoing risk to our cost base.

Rising prices, particularly for food and energy costs, combined with wages and benefits not keeping pace with inflation has created a cost of living crisis which could be catastrophic for our customers. We continue to expand our financial inclusion team to provide support for those facing financial pressures.

Impact on stakeholders

The factors discussed above are reflected in our financial modelling and stress testing, discussed further in our going concern assessment on page 17-18. A summary of the key impacts and our response is included below:

Customers and the community – during an unprecedented time it is imperative that we continue to support our customers, many of whom are extremely vulnerable. Whilst their safety and wellbeing has been our main concern, we also know that for many their financial situations have been impacted by the pandemic. We continue to provide direct support through our financial inclusion team who provide advice, support and solutions for our customers who were struggling with rent or their bills. We've worked with partners to provide further support, for example by accessing the Scottish Government's Social Housing Fuel Support Fund.

Colleagues – the health, safety and wellbeing of our colleagues are our top priority. We completed detailed risk assessments and where required provided personal protective equipment in line with Public Health Scotland guidance for all those who need it in their day to day work. We initially welcomed colleagues back to offices in September 2021, however in December 2021 responded to the emerging threat of the omicron variant and suspended access to offices until the end of January 2022. We have embraced new ways of working, with a focus on hybrid working which means in practice our office-based colleagues are encouraged to spend one or two days a week in the office and for the remainder of the week work from home.

Supply chain – many of our major suppliers (maintenance and development contractors) have been significantly impacted by increasing costs brought on by global supply chain issues. We've worked closely with our maintenance contractors and customers to ensure the service offering remaining at a standard that meets our customer promise. Our live development contracts are fixed price which gives us protection against increasing costs in the construction sector. We remain vigilant against price increases and take them into consideration when considering the viability of future potential schemes.

Financial position and liquidity – we continue to perform risk based scenario planning to understand the potential impact on our financial position for the current year and in the future. This has included the impact on loan covenants, cash flow, liquidity and funding requirements. The stress testing results are shared with our Board and during the year gave the Association confidence that we remain financially strong. Alongside Home in Scotland Limited, our parent association HGL (which provides us loan facilities) remains in a strong financial position with the capacity to respond to this and any future shocks. We maintain flexibility in our plans for growth which are being reviewed and can be altered to maintain our financial strength if required. Further details are discussed in our going concern assessment on pages 17-18.

Treasury Policy

Treasury management is operated within a framework of clearly defined Board approved policies and procedures that serve to control the use of financial instruments. The overall aim is to ensure sufficient liquidity is available to meet foreseeable needs, surplus cash is invested prudently and financial risk is minimised. The Board receives regular reports on relevant treasury matters.

The Association finances its operations through a mixture of retained earnings, grants, long term loans and short term facilities. Borrowings are in sterling at both fixed and floating rates of interest. The Association has a five year £10 million intercompany loan from HGL which expires in May 2025 and a five year £20 million intercompany loan from HGL, which is due to expire in May 2023. The Association also holds a £40 million revolving credit facility with a term of five years, expiring in August 2025. This facility provides additional liquidity to support the Association's future development programme. Of these facilities, £54.0 million was committed, undrawn and immediately available as at 31 March 2022. Full details of the Association's borrowings are shown in note 17 to the financial statements.

The Association's lending agreements include a number of financial and non-financial covenants. The key financial covenants are interest cover and gearing ratios. Loan covenants are monitored by the Treasury team on a monthly basis and reported to Board regularly. All covenants were met throughout the year.

Statement on Internal Financial Controls

The Association Board acknowledges its overall responsibility for establishing and maintaining the system of internal control and reviewing its effectiveness across the Association. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Association, or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets against unauthorised use or disposition.

The system of internal control is designed to manage, rather than eliminate, the risk of failure to achieve business objectives. It can only provide reasonable and not absolute assurance against material financial misstatement or loss.

The process for identifying, evaluating and managing significant risks faced by the Association is on-going, and has been in place throughout the period from 1 April 2021 up to the date of approval of the financial statements. This process is set out in the Group's Risk Management Framework which is followed by the Association.

Key elements of the Association's internal control framework include:

- Board approved terms of reference and clear delegated authorities throughout the Association;
- clearly defined management responsibilities for the identification, evaluation and control of significant risks;
- risk registers which are regularly reviewed by senior management, Executive, the Audit Committee of the Group and the Association Board;
- a robust operational planning process with detailed financial budgets, forecasts and performance measures;
- regular reporting to senior management and the Board of key performance indicators to monitor progress against objectives, including up to date financial management information with significant variances from budget being investigated as appropriate;
- a structured approach to the appraisal and authorisation of all significant new business initiatives and commitments;
- regulatory returns are prepared, authorised and submitted promptly to the relevant regulatory bodies;
- detailed policies and procedures in each area of the Association's activities, including the ongoing documentation of key controls in relation to the delegation of authority, which allows monitoring and restricts the unauthorised use of the Association's assets;
- experienced and suitably qualified staff take responsibility for important business functions and annual appraisal procedures have been established to maintain standards of performance; and
- an assurance service which reviews internal controls across the Association and provides regular reports to Board on any significant control weaknesses.

The Board has reviewed the effectiveness of the system of internal financial control in existence in the Association for the year ended 31 March 2022. No weaknesses were found in internal financial controls which resulted in material losses, contingencies or uncertainties which require disclosure in the financial statements or in the auditor's report on the financial statements.

Statement of Board's responsibilities in respect of the Board's report and the financial statements

The Board is responsible for preparing the Board's Report and the financial statements in accordance with applicable law and regulations. Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board have elected to prepare the financial statements in accordance with UK Accounting Standards, FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

The financial statements are required by law to give a true and fair view of the state of affairs of the Association and of its income and expenditure for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless it either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the Association and enable them to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing (Scotland) Act 2010 and the Registered Social Landlords Determination of Accounting Requirements 2019. It is responsible for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the Association and to prevent and detect fraud and other irregularities.

The Board is responsible for the maintenance and integrity of the corporate and financial information included on the Association's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Disclosure of Information to Auditors

The Board members and Directors who held office at the date of approval of this Board report confirm that, so far as they are each aware, there is no relevant audit information of which the Association's auditors are unaware; and each Board member and Director has taken all the steps that he/she ought to have taken as a Board member or Director to make himself/herself aware of any relevant audit information and to establish that the Association's auditors are aware of that information.

Colleagues

We work with colleagues to make sure people feel aware, informed and involved with our strategic direction and we welcome views and suggestions. We use a range of ways to engage with colleagues, including Workplace (an enterprise social network), our intranet, seminars, meetings and events as well as a strong team culture of briefings, meetings and brilliant conversations. We have vibrant colleague networks with strong ally support that cover gender, multicultural, LGBTQplus and people with disabilities.

Our mutual pay award is an example of how we engage with colleagues and encourage them to be involved in the company's performance, achieving a common awareness of factors affecting the performance of the company, and consulting colleagues so their views can be taken into account in making decisions.

Our recruitment approach is one that is inclusive and as a Disability Confident and 'Mindful Employer' we support future and current colleagues to develop meaningful careers, offering a comprehensive training and development approach that welcomes a diverse pool of colleagues. We continue to invest in colleague learning and development and wellbeing as this is key to engagement and business success.

Events after the end of the reporting period

The Board considers that there have been no events since the year end that have had a significant impact on the Association's financial position.

Auditor

A resolution to reappoint Deloitte LLP as auditors was proposed at the Annual General Meeting.

On behalf of the Board

Susan Deacon CBE
Chair
23 August 2022

Independent Auditor's Report to Home in Scotland Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Home in Scotland Limited (the 'association'):

- give a true and fair view of the state of the association's affairs as at 31 March 2022 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, Part 6 of the Housing (Scotland) Act 2010 and the Registered Social Landlords Determination of Accounting Requirements 2019.

We have audited the financial statements which comprise:

- the Statement of Comprehensive Income;
- the Statement of Financial Position;
- the Statement of Changes in Reserves;
- the Cash Flow Statement; and,
- the related notes 1 to 28.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the association's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the board with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Chair's Report and Report of the Board, other than the financial statements and our auditor's report thereon. The board is responsible for the other information contained within the Chair's Report and Report of the Board. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of board

As explained more fully in the board's responsibilities statement, the board is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the board is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the association's industry and its control environment, and reviewed the association's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory frameworks that the association operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the Co-operative and Community Benefit Societies Act 2014 and the Housing (Scotland) Act 2010; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the association's ability to operate or to avoid a material penalty. This included compliance with regulatory standards set by the Scottish Housing Regulator.

We discussed among the audit engagement team including relevant internal specialists such as valuations specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

As a result of performing the above, we identified the greatest potential for fraud in the following areas and our specific procedures performed to address them are described below:

- housing property impairment due to the existence of significant management judgement and estimation uncertainty. In response, we evaluated management's assessment of potential impairment triggers using our experience of the association and wider sector, engaged our valuations specialists to challenge the assumptions and calculations, and compared a sample of key information used in the impairment calculations with published information sources to test the reasonableness of management's assumptions.

- grant income recognition due to the judgement involved in assessing the conditions and recognition criteria attached to each grant. In response, for a sample of grants recorded as turnover in the year, we assessed whether the appropriate amount of revenue has been released to the Statement of Comprehensive Income by reviewing the useful economic lives of the assets to which the grants related.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

Report on other legal and regulatory requirements

Matters on which we are required to report by exception

Under the Co-operative and Community Benefit Societies Act 2014 we are required to report in respect of the following matters if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the association's members as a body, in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and section 69 of the Housing (Scotland) Act 2010. Our audit work has been undertaken so that we might state to the association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association and the association's members as a body, for our audit work, for this report, or for the opinions we have formed.

15 September 2022

Report by the auditors to the members of Home in Scotland Limited on corporate governance matters

In addition to our audit of the financial statements, we have reviewed your statement on page 6 concerning the association's compliance with the information required by the Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes which are issued by the Scottish Housing Regulator.

Basis of Opinion

We carried out our review having regard to the requirements to corporate governance matters within Bulletin 2006/5 issued by the Financial Reporting Council. The Bulletin does not require us to review the effectiveness of the association's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reason given for non-compliance.

Opinion

In our opinion the Statement on Internal Financial Controls on page 6 has provided the disclosures required by the relevant Regulatory Standards within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls and is consistent with the information which came to our attention as a result of our audit work on the Financial Statements.

Through enquiry of certain members of the management committee and officers of the association and examination of relevant documents, we have satisfied ourselves that the management committee's Statement on Internal Financial Controls appropriately reflects the association's compliance with the information required by the relevant Regulatory Standards in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls.

Use of our report

This report is made solely to the association's members as a body, in accordance with the Regulatory Advisory Notes which are issued by the Scottish Housing Regulator. Our work has been undertaken so that we might state to the association's members those matters we are required to state to them in our report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association and the association's members as a body, for our work, for this report, or for the opinions we have formed.

Michael Jeffrey (Senior statutory auditor)
For and on behalf of Deloitte LLP
Statutory Auditor
Newcastle upon Tyne, United Kingdom
15 September 2022

Statement of Comprehensive Income for the year ended 31 March 2022

	Notes	2022 £000	2021 £000
Turnover	2	24,304	23,155
Operating expenditure	2	(16,594)	(16,293)
Surplus on disposal of social housing properties	3	340	33
Operating surplus		8,050	6,895
Interest receivable	7	1	3
Finance costs	8	(2,082)	(2,143)
Surplus before taxation	9	5,969	4,755
Taxation		-	-
Surplus for the year		5,969	4,755
Other comprehensive income		-	-
Total comprehensive income		5,969	4,755

All activities of the Association are classed as continuing.

There are no other surpluses or deficits to be recognised in the current or prior year other than the surplus for the year reported above.

The notes on pages 17 to 32 form part of the financial statements.

1. Principal accounting policies

Basis of accounting

The financial statements have been prepared in accordance with UK Accounting FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ('FRS 102'), the Co-operative and Community Benefit Societies and Credit Unions Act 2014, the Housing (Scotland) Act 2010, the Registered Social Landlords Determination of Accounting Requirements 2019 and the Statement of Recommended Practice for registered social housing providers Update 2018 ('SORP 2018').

As a public benefit entity, the Association has applied the public benefit entity 'PBE' prefixed paragraphs of FRS 102.

The Association's parent undertaking, Home Group Limited (HGL), includes the Association in its consolidated financial statements, and these are the smallest and largest set of financial statements that the Association is consolidated into. The consolidated financial statements of HGL are available to the public and may be obtained from The Secretary, Home Group Limited, 2 Gosforth Park Way, Gosforth Business Park, Newcastle upon Tyne, NE12 8ET.

As the consolidated financial statements of HGL include the equivalent disclosures and the Association is a wholly owned subsidiary of HGL, it has also taken the exemptions under FRS 102 available in respect of the following:

- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1; and
- The disclosures required by FRS 102.33A Related Party Disclosures in respect of transactions or balances with subsidiaries which form part of the group.

The Association proposes to continue to adopt the reduced disclosure framework of FRS 102 in its next financial statements.

The financial statements are prepared on the historical cost basis of accounting. There are no material differences between the surplus before taxation and the surplus for the current or prior year and their historical cost equivalents.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Going concern

The Association's business activities, its current financial position and factors likely to affect its future development are set out within the Report of the Board. Whilst the Statement of Financial Position shows net current liabilities, the Association has in place loan agreements which allow the Association sufficient funding to pay its liabilities as they fall due; these are set out in note 16 and 17. When considering our ability to continue as a going concern we have paid particular attention to the impact of the ongoing COVID-19 pandemic, Brexit and the emerging cost of living crisis as well as the war in Ukraine, as detailed on pages 5-6.

Impact of the current macro-economic environment

During the year our activity and financial performance operated in line with budget and expectations, indicating the impact of COVID-19 had subsided in comparison to the previous year. The Board has grown increasingly mindful of more recent threats, including the cost of living crisis and the war in Ukraine. In 2021/22, however, those threats were in their infancy and did not have a significant effect on our operations or financial standing. Our key loan covenants were not stretched and we retained significant (£54 million) headroom against our borrowing limits.

Looking forwards

From the outputs of our detailed five-year financial forecasting exercise we can see the Association expects to be growing and building on its current financial strength:

- Continued surpluses in the face of new costs arising from building safety works and our sustainability agenda;
- We will see higher net assets year on year;
- We expect to have significant liquidity each year - we aim to have a minimum of 18 months at any one time and our minimum headroom against this benchmark is £17 million at 31 March 2026; and
- We expect to remain well within our loan covenant limitations at all times.

When reviewing our financial projections we have paid particular focus on the period to September 2023, which would be one year from the time the financial statements are submitted to the Scottish Housing Regulator (SHR).

1. Principal accounting policies (continued)

Stress testing

We regularly stress test our financial forecasts to understand the risks they face and the impact of them transpiring. We also model the impact of the mitigations we have identified to address these events if they occur. We continue to be mindful of the external factors - we expect its impact to continue for some time both for the UK as a whole and Scotland.

The detailed stress testing our financial forecasts have been subjected to include:

- Rising unemployment and cost of living, impact our customer's ability to pay their rent and service charges
- Increased inflationary pressures
- Restricted rent increases
- Supply chain disruption
- Restricted lender credit
- Higher staff costs
- A regulatory downgrade
- Fines and/or litigation
- A reduction in grant received to develop new homes.

We always stress test our five-year financial projections to identify what would 'break' them. This is an important step in making sure our plans are robust and the SHR expects to see this. To breach our loan covenants would require a 'perfect storm' of all the above stresses being realised together. Our work shows that in all scenarios we can implement mitigations so that covenants are adhered to.

On this basis, the Board has a reasonable expectation that the Association will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months after the date on which the report and financial statements are signed. For this reason, the Association continues to adopt the going concern basis in the financial statements.

Turnover

Rental income is recognised on a straight line basis in accordance with the terms of the tenancy agreement on an accrual basis. Revenue arising from the sale of property is recognised on legal completion. Fees receivable are recognised in line with the underlying management agreements.

Housing properties

Housing properties are stated at cost less accumulated depreciation and impairment. Housing properties in the course of construction are stated at cost and are transferred into housing properties when completed. The cost of a property comprises its purchase price and any costs directly attributable to bringing it into working condition for its intended use. Directly attributable costs include the employment costs of development, finance and legal colleagues, and surveyors arising directly from the construction or acquisition of the property, together with other incremental costs which would have been avoided only if the property had not been constructed or acquired. Interest incurred on financing a development is capitalised up to the date of practical completion of the scheme. The capitalisation rate is the weighted average of the rates applicable to general borrowings that are outstanding during the period.

Housing properties are split under component accounting between their land, structure costs and a specific set of major components which require periodic replacement. Refurbishment or replacement of such components is capitalised and depreciated on a straight line basis over the estimated useful economic life of components as follows:

1. Principal accounting policies (continued)

Component	Estimated useful economic life (years)
Property structure	100
Roof	40 - 55
Insulated render	35
Central heating	30
Windows	30
Bathroom	25 - 30
Electrical	25 - 30
Solar panels	25
Doors	20 - 25
Kitchen	15 - 20
Boiler	15
External boundaries	15
Lift	15
Specialist equipment	5 - 15
Land	Not depreciated

Other fixed assets

Other fixed assets are stated at cost less accumulated depreciation and impairment. Depreciation is charged on a straight line basis to write off the cost less any estimated residual value over the expected useful economic lives of the assets.

Asset type	Estimated useful economic life (years)
Plant, machinery and fixtures	4 - 8
Motor vehicles	4
Computer equipment	3 - 5
Leased equipment	Over the life of the lease

Housing Association Grant

Government grants include grants receivable from the Scottish Housing Regulator, Scottish Ministers and local authorities. Government grants received for housing properties are recognised in income over the useful life of the housing property structure and, where applicable, its individual components (excluding land) under the accruals model.

Grants relating to revenue are recognised in the Statement of Comprehensive Income over the same period as the expenditure to which they relate once reasonable assurance has been gained that the entity will comply with the conditions and that the funds will be received. Grants due from government organisations or received in advance are included as current assets or liabilities.

Housing Association Grant is repayable under certain circumstances, primarily following the sale of property, but such repayment will normally be restricted to the net proceeds of sale.

Other grants

Grants received from non-government sources are recognised using the performance model. A grant which does not impose specified future performance conditions is recognised as revenue when the grant proceeds are received or receivable. A grant that imposes specified future performance-related conditions on the Association is recognised only when these conditions are met. A grant received before the revenue recognition criteria are satisfied is recognised as a liability.

Disposals of housing properties

Where properties built for sale are disposed of during the year, the disposal proceeds are included in turnover and the attributable costs included in cost of sales. Where properties previously rented out to customers are disposed of, the surplus on disposal is included in operating surplus.

Where a component is replaced or restored, the old component is written off to the Statement of Comprehensive Income, to avoid double counting, and the new component is capitalised. Charges arising from the early replacement of a component are reflected as part of the overall depreciation charge.

Where any Housing Association Grant (HAG) to be repaid is less than the HAG relating to the disposal, the difference is treated as abated HAG and included as a component of the surplus or deficit on disposal.

1. Principal accounting policies (continued)

Properties for sale

Completed properties for outright sale and properties under construction are valued at the lower of cost and net realisable value.

Grants are received from the Scottish Ministers for the construction of properties under the Homestake scheme. The costs net of grants up to the point of sale are reflected as stock within current assets. Upon sale of the Homestake properties to eligible beneficiaries the cost and grants relating to such properties are accounted for in the Statement of Comprehensive Income as other activities; within turnover and operating costs respectively. 100% of the property is sold between the owner and the Government.

Shared ownership

The costs of shared ownership properties are split between current and fixed assets on the basis of the first tranche portion. The first tranche portion is accounted for as a current asset and on disposal the first tranche sale proceeds are shown in turnover. The remaining element of the shared ownership property is accounted for as a fixed asset. Any grant attributable to shared ownership assets is wholly attributed to the element retained and held in liabilities. Subsequent tranches sold ('staircasing') are accounted for as disposals of housing properties, as noted above.

Improvements to properties

Expenditure on housing properties which is capable of generating increased future rents, or extends their useful lives, or significantly reduces future maintenance costs, is capitalised.

Finance costs

Interest is capitalised on borrowings related to the development of qualifying assets, to the extent that it accrues in respect of the period of development if it represents interest on borrowings specifically financing the development programme after deduction of related grants received in advance. Other interest payable is charged to income and expenditure in the year.

Financial instruments

Financial instruments which meet the criteria of a basic financial instrument as defined in Section 11 of FRS 102 are accounted for under an amortised cost model.

Debtors

Short term debtors are measured at transaction price, less any impairment. Where deferral of payment terms has been agreed and the impact of discounting is material, the balance is shown at the present value, discounted at a market rate.

Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Provisions for liabilities and charges

The Association recognises in the financial statements provisions to meet liabilities arising from past events, which are likely or certain to be incurred, but for which the amount or timing cannot be determined accurately.

1. Principal accounting policies (continued)

Significant estimates and judgements

Preparation of the financial statements requires management to make significant judgements and estimates. The judgements and estimates which have the most significant impact on amounts recognised in the financial statements are set out below.

Significant management judgement

Carrying value of housing properties and stock

Judgement is exercised in determining the carrying value of housing properties and stock in line with the accounting policies set out on pages 18 to 20.

The Association has conducted a review of the financial performance and future prospects of its full portfolio of existing rented housing properties to assess whether there has been a trigger event for an impairment review. Indicators of impairment used as part of the review were:

- a fall in market values;
- a significant change in our operating environment;
- change in market interest rates;
- a change in the strength of our balance sheet;
- evidence of obsolescence in our stock;
- a change in how we use our stock; or
- a deterioration in asset performance.

Specifically, we have considered whether properties are planned to be sold, demolished or earmarked for regeneration, whether they require major works or whether they have been void for an extended period of time. As the circumstances of individual properties varies from year to year, the size of any impairment charge (or release of prior year's impairments) is expected to fluctuate.

Impairment charges and reversals identified and included in the Statement of Comprehensive Income are set out in note 9 to the financial statements.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expense is provided below. The estimates used relate to the current year and are not expected to impact the next financial year: they will be revaluated at the next reporting date.

Impairment testing

Where indicators of impairment have been identified we have tested the carrying values of both our housing properties and our development work in progress. In doing so we make a number of estimates.

When considering housing properties, we compare our carrying values against the sector standard valuation of Existing Use Value for Social Housing (EUV-SH). This is the value at which we would expect to transfer properties to another registered provider. Where the carrying value of identified properties is higher than EUV-SH, the properties have been impaired by the difference and the cost has been taken to the Statement of Comprehensive Income. It is a standard valuation method and as such is not considered to cause significant uncertainty. This year's assessment resulted in a release of previous impairment by £156k (last year: cost of £159k). This is disclosed in notes 2b, 9 and 10. For housing properties under development there is limited estimation uncertainty as we contract with our group development company, Home Group Developments Limited, who operate on a fixed price contracts basis.

For stock, a scheme under development is impaired if its carrying value is higher than its selling price less costs to sell and complete. Given the low balance of stock for sale we do not consider this to be an area of estimation uncertainty either in the current financial year or next.

2a. Particulars of turnover, operating costs and operating surplus / (deficit)

	Note	Turnover	Operating costs	Operating surplus 2022	Operating surplus 2021
		£000	£000	£000	£000

Number of residential properties where we provide factoring services: 700 (2021: 734).

5. Directors' emoluments

The directors are paid through the parent undertaking, HGL. One director has been identified as key management personnel and the aggregate amount of emoluments payable was £88,025 (2021: £88,755) which includes £5,808 employers' pension contributions (2021: £5,859). Details of the remunerated members of the Board (Mark Henderson and John Hudson) are included within financial statements of HGL which are publicly available. No other Board members received any payment other than expenses.

	2022	2021
	£	£
Directors' expenses reimbursed to the directors not chargeable to United Kingdom income tax	273	68

6. Employee information

The employee costs of those persons employed by HGL who are utilised wholly and exclusively by the Association are summarised below:

	2022 Number	2021 Number
Office staff	53	51
	53	51
	2022	2021
Employee costs (for the above persons):	£000	£000
Wages and salaries	1,977	1,833
Social security costs	206	188
Other pension costs	134	125
	2,317	2,146

There were no temporary staff costs in the year (2021: £37,000).

The full time equivalent number of staff whose remuneration payable in the year fell above £60,000 was:

	2022 Number	2021 Number
£60,000 - £70,000	3	2
£70,001 - £80,000	1	-
£80,001 - £90,000	2	2

7. Interest receivable

	2022 £000	2021 £000
Interest receivable from bank and building society deposits	1	3

8. Finance costs

	2022 £000	2021 £000
Interest payable to other group companies	40	16
Interest payable on bank loans and overdrafts	889	923
Interest payable on other loans	1,278	1,256
	2,207	2,195
Less: Interest capitalised on housing property development	(125)	(52)
	2,082	2,143
Average rate applicable to capitalised interest	2.07%	1.92%

9. Surplus before taxation

	2022 £000	2021 £000
Surplus before taxation is stated after charging / (crediting):		
Depreciation	6,146	5,496
Impairment / (Reversal of impairment)	(156)	159
Grant amortisation	(1,691)	(1,256)
External auditor's remuneration for audit services	17	17
Operating lease rentals	149	146

10. Tangible fixed assets – housing properties

	Completed housing properties £000	Housing properties under construction £000	Completed shared ownership housing properties £000	Total £000

16. Creditors: amounts falling due within one year

	2022 £000	2021 £000
Housing loans from third parties	2,161	2,161
Trade creditors	1,400	1,831
Deferred capital grant	1,553	1,593
Other taxation and social security payable	-	53
Accruals and deferred income	2,269	2,328
Other amounts due to group undertakings	680	526
Retentions	1,089	439
	9,152	8,931

Whilst the Statement of Financial Position shows net current liabilities, the Association has in place external loan agreements which allow the Association sufficient funding to pay its liabilities as they fall due. The parent undertaking, HGL, acts as guarantor for some of these loans, as well as providing a £30 million intercompany facility. As at 31 March 2022, the Association had £54.0 million committed and undrawn facilities which were immediately available for drawing.

17. Creditors: amounts falling due after more than one year

	2022	2021
	£000	£000
Housing loans from third parties	71,202	73,305
Loans from group undertakings	2,950	3,000
Deferred capital grant	172,396	151,453
	246,548	227,758

Housing loans are secured by specific charges on the Association's housing properties. They are repayable at varying rates of interest, from 0% to 3.96%, due as follows:

	2022	2021
	£000	£000
In instalments:		
In one year or less	2,161	2,161
Between one and two years	2,161	2,161
Between two and five years	21,931	22,104
In five years or more	50,060	52,040
	76,313	78,466

18. Deferred capital grant

	2022	2021
	£000	£000
At 1 April	153,046	142,216
Grant received in the year	22,595	12,086
Released to income in the year	(1,692)	(1,256)
At 31 March	173,949	153,046
Amount due to be released within one year	1,553	1,593
Amount due to be released in more than one year	172,396	151,453
	173,949	153,046

19. Called up share capital

Each national member of the Association holds one voting share (nominal value £1). Each community member of the Association holds one non-voting share (nominal value £1). All shares are surrendered on the cessation of membership. Shares carry no rights to dividend or repayment of capital.

	£
Allotted, issued and fully paid:	
At 1 April 2021	10
Issued during the year	1
Surrendered during the year	(2)
At 31 March 2022	9

20. Reconciliation of surplus to net cash inflow from operating activities

	2022 £000	2021 £000

- Housing loans from third parties	(73,305)	15	2,088	(71,202)
- Loans from group undertakings	(3,000)	50	-	(2,950)
Total net debt	(78,259)	2,019	(73)	(76,313)

22. Reconciliation of net cash flow to movement in net debt

	2022	2021
	£000	£000
Decrease in cash in the period	(207)	(2,214)
Cash outflow from decrease in debt	2,226	12,505
Change in net debt resulting from cash flows	2,019	10,291
Non cash changes	(73)	(65)
Movement in net debt in the period	1,946	10,226
Opening net debt	(78,259)	(88,485)
Closing net debt	(76,313)	(78,259)

23. Capital commitments

	2022	2021
	£000	£000
Capital expenditure that has been contracted for but not provided for in the financial statements	62,318	68,113
Capital expenditure that has been authorised by the Board but has not yet been contracted for	13,173	12,707

The amounts contracted for at 31st March 2022 will be HAG funded, loan financed and funded from the Association's reserves.

24. Financial commitments

At the year end the total contractual payments under non-cancellable operating leases were as follows:

	2022	2021
	£000	£000
Less than one year	44	80
Between one and five years	1	9
	45	89

The Association uses certain assets acquired under operating leases entered into by the parent association, HGL. The relevant lease charges are included in the Statement of Comprehensive Income, and the commitments under these leases have been included in the above note.

25. Grant and financial assistance

The total accumulated government grant and financial assistance received or receivable at 31 March:

	2022	2021
	£000	£000
Held as deferred capital grant	173,949	153,046
Recognised as income in the Statement of Comprehensive Income	16,150	14,479
Grant within cost on properties at fair values at acquisition	8,043	8,043
	198,142	175,568

26. Related party transactions

The Association has taken advantage of the exemption under paragraph 33.1A from the provisions of FRS 102, on the grounds that it is a wholly owned subsidiary of a group headed by HGL, whose financial statements are publicly available.

During the year the Association entered into the following related party transactions with its customer board members:

	2022	2021
	£	£
Charges in respect of rent and service charges	10,740	10,446
Amounts owed to customer board members at the year-end	446	429

27. Parent association

The Board regards HGL as the ultimate parent company and the ultimate controlling party. Copies of the consolidated financial statements of HGL can be obtained from the Secretary, Home Group Limited, 2 Gosforth Park Way, Gosforth Business Park, Newcastle upon Tyne, NE12 8ET.

28. Pension obligations

Employees of the parent undertaking, HGL, are eligible to participate in a number of pension schemes. Full disclosure of these schemes is included within the financial statements of HGL which are publicly available.
