

Annual Assurance Statement

We achieve all of the following standards and outcomes for tenants, people who are homeless and others who use our services: -

- the regulatory requirements set out in Chapter 3 of the Regulatory Framework
- all relevant standards and outcomes in the Scottish Social Housing Charter
- all relevant legislative duties

In respect of Equalities, established processes and practices are in operation by the Council. Taking account of the document published in August 2021 entitled '*Collecting Equality Information: National Guidance for Scottish Social Landlords*', work has started and will continue over the course of the next year to review the published guidance and consider any changes which will be required to existing processes.

The Leadership Panel of 26 October 2021 has seen and considered the appropriate evidence to support the level of assurance against each of the requirements.
